Harmonized Tariff Schedule of the United States Revision 7 (2025)

Annotated for Statistical Reporting Purposes

CHAPTER 75

NICKEL AND ARTICLES THEREOF

XV75-1

Subheading Notes

- In this chapter the following expressions have the meanings hereby assigned to them:
 - (a) Nickel, not alloyed

Metal containing by weight at least 99 percent of nickel plus cobalt, provided that:

- The cobalt content by weight does not exceed 1.5 percent, and
- (ii) The content by weight of any other element does not exceed the limit specified in the following table:

TABLE - Other elements Limiting content percent by weight 0.5 Oxygen 0.4

0.3

(b) Nickel alloys

Metallic substances in which nickel predominates by weight over each of the other elements provided that:

(i) The content by weight of cobalt exceeds 1.5 percent,

Iron

Other elements, each

Element

Fe

0

- (ii) The content by weight of at least one of the other elements is greater than the limit specified in the foregoing table, or
- (iii) The total content by weight of elements other than nickel plus cobalt exceeds 1 percent.
- Notwithstanding the provisions of note 9(c) to section XV, for the purposes of subheading 7508.10 the term "wire" applies only to products, whether or not in coils, of any cross-sectional shape, of which no cross-sectional dimension exceeds 6 mm.
